

# INTRODUCING GENDER-NEUTRAL WASHROOMS AT GH-CCMH

**Promoting a sense of safety, belonging, community, and accessibility**

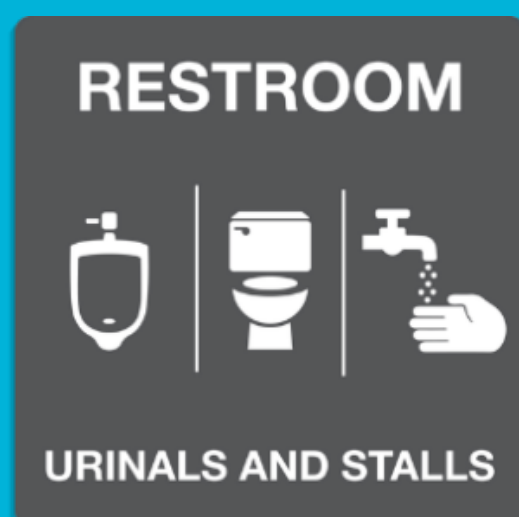

As of May 1, 2024, the washrooms at GH-CCMH will be gender-neutral.

Our washroom signage will focus on the features available in each washroom, not the gender of the person using them.

## WHICH WASHROOM SHOULD I USE?

These washrooms have both urinals and stalls

These washrooms have toilet stalls only

These washrooms are accessible

I would like to use a change table

**Accessing a washroom is a basic physical need, and everyone is welcome to use the washroom of their choice.**

**SickKids**
